OUR SCHOOL TAKES PART IN NATIONAL PROJECTS AND COMPETITIONS IN LITHUANIA

„Sveikatiada“ – it's a long-term healthy lifestyle project that provides children with knowledge and practical skills about health, nutrition and physical activities. Interesting and attractive events are being organized for children during which they expand their knowledge and understanding in the areas of healthy nutrition and physical activity. Activities involve not only pupils but teachers, administration workers and parents.

Lithuanian school Games. The aim of the Games is to develop a conscious and active person who understands the importance of physical activity and sport. Our pupils participate in various sports competitions.

‘We’re learning to swim’ – a programme for 2nd graders.
